MOHAMED IRFAN

PYTHON FULL STACK DEVELOPER | AI ENTHUSIAST

irfanmohamed1182005@gmail.com | 8825464756 | Salem, Tamil Nadu, India
linkedin.com/in/mohamedirfan58 | github.com/irfan1123202

PROFESSIONAL SUMMARY

Computer Science Engineering student with a strong foundation in Python Full Stack Development, web technologies, databases, and AI integration. Experienced in developing web applications and Python-based projects, including an AI-powered conversational assistant. Seeking an entry-level opportunity to apply my technical skills, build scalable applications, and contribute to innovative software solutions.

TECHNICAL SKILLS

Languages & Core: Python, Go, SQL, JavaScript (ES6+), HTML5, CSS3, OOP, Data Structures & Algorithms
Frameworks & Web: Flask, Gin, RESTful APIs, Microservices, Bootstrap, Responsive Web Design
AI, ML & Data: NLP, Generative AI, Vector Search, Deep Learning, Scikit-learn, Pandas, NumPy, Matplotlib
Tools & Databases: MySQL, MongoDB, SQLite, Git, GitHub, VS Code, Postman, Jupyter Notebook

EXPERIENCE

Full Stack Developer Intern — Internz Learn | Dec 2025 – Jan 2026

- Architected and integrated scalable front-end and back-end web application components utilizing Python, Flask, HTML5, CSS3, and JavaScript.
- Engineered responsive user interfaces and implemented core server-side logic and RESTful API endpoints for seamless data integration.
- Leveraged Git and GitHub version control in a collaborative Agile team environment, conducting systematic code reviews and debugging.

PROJECTS

Live Polling Web Application Aug 2026

- Engineered a real-time full-stack polling application featuring live vote tallying and instant results broadcast using React, Go (Gin), MongoDB, and Redis.
- Implemented backend authentication and server-side validation for secure poll management alongside Redis-driven pub/sub for real-time updates.

GreenBot – AI Assistant for Green Buildings Feb 2024 – Apr 2024

- Developed an end-to-end AI conversational assistant utilizing Python, Flask, and Natural Language Processing (NLP) for intelligent query resolution.
- Designed and optimized a structured SQLite knowledge repository, enhancing AI model response accuracy, retrieval speed, and relevance.

Student Management System (Mini Project) Dec 2023 – Jan 2024

- Built a standalone Python desktop application featuring robust object-oriented programming to execute full CRUD operations on student data.
- Implemented a relational database backend using SQLite with normalized schemas for secure, high-integrity data persistence.

Portfolio Website (Mini Project) Jan 2024

- Designed and deployed a modern personal portfolio site using clean HTML5, CSS3, and JavaScript to present engineering projects and credentials.
- Engineered mobile-first, cross-browser compatible web layouts to guarantee seamless rendering across diverse devices and screen sizes.

EDUCATION

B.E. in Computer Science and Engineering | 2023 – 2027

Annapoorana Engineering College, Salem, Tamil Nadu | *CGPA: 8.75*

Relevant Coursework: Data Structures and Algorithms, DBMS, Operating Systems, Computer Networks, Object Oriented Programming, Web Development, Artificial Intelligence Basics

CERTIFICATIONS

- Deep Learning Onramp — MathWorks
- Introduction to Generative AI — Google Cloud
- MongoDB AI and Vector Search — MongoDB University
- Microsoft Azure AI Virtual Labs (AI-901 & AI-103): Completed hands-on cloud labs in Azure AI Fundamentals (AI-901) and Developing AI Apps & Autonomous Agents on Azure (AI-103) via Microsoft Learn on Demand.
- Certificate Course on Artificial Intelligence: Infosys Foundation / ICT Academy — Comprehensive training on core artificial intelligence principles, machine learning techniques, and cloud services.

ACHIEVEMENTS & ACTIVITIES

- Participated in the National Level Technical Workshop "Unveiling the Secrets of Ethical Hacking", Annapoorana Engineering College, January 9, 2024.
- Participated in the National Conference on "IoT-Based Green Building Environment" at Vinayaka Mission's Kirupananda Variyar Engineering College.

LANGUAGES

English (Professional Working), Tamil (Native)
